(704) 743-7035 • MichaelDanko@iCloud.com
GitHub: github.com/michaelwdanko • **LinkedIn**: linkedin.com/in/michaelwdanko
Portfolio: http://michaeldanko.me

Technical Skills:

- Familiar with the following languages, libraries, tools, and MVC frameworks:
  - HTML5
  - CSS3 / SASS
  - JavaScript
  - AJAX
  - Git / GitHub
  - OS X Command Line Terminal
  - Node Package Manager
  - AngularJS
  - JQuery
  - Underscore.JS
  - Backbone.JS
  - Travis CI/Continuous Integration
  - Gulp

Relevant Experience:

- **The Iron Yard** - Charlotte, NC   **February 2016 – April 2016**
  - The immersive Front End Engineering course taught design practices to deliver enjoyable web experiences while building web applications using JavaScript and MVC Frameworks.
  - Notable Projects:
    - **Welcome Weather** – Designed a one page, multi-view AngularJS application that delivered a 5-day weather forecast relative to a user's geolocation; styled using the SASS preprocessor.
    - **Anchorman** – Developed an AngularJS application that delivered a stream of news articles from relevant sources using AJAX requests. Allowed users to save articles and highlighted those that were relevant to a customizable interests list.
    - **Olympic Adventures** – Created a game using BackboneJS that implemented UnderscoreJS' HTML templates to move users through multiple gameplay views.

Additional Experience:

- **Danko Properties, Inc.** – *IT Administrator*   **August 2011 – Present**
  - Established network area storage devices and sustained a WLAN between computers for an industrial real estate brokerage.
  - Conducted routine maintenance to keep network devices up to date and insured maximum network security.

- **Showmars of 521**, - *Shift Leader*   **March 2009 – Present**
  - Assist management with delegating daily tasks to the front of house staff.
  - Resolve minor customer service issues with customers and inform management of the outcome.
  - Greet customers and was responsible for an accurate cash drawer balance throughout the shift.
  - Serve customers and promoted the restaurant chain through superior customer service.

- **Lancaster County, SC Sheriff's Office** – *Intern*   **December 2014 – January 2015**
  - Shadowed sheriff deputies throughout their shift and observed the day to day activities of local law enforcement.
  - Assisted the IT department in routine maintenance and continual upgrading of the computer-aided dispatch systems that were used in patrol cars.

Education:

- **JavaScript & MVC Frameworks**   **February 2016 - Present**
  The Iron Yard – Charlotte, NC

- **Criminology & Criminal Justice,** *Bachelor of Arts*   **August 2011 – August 2015**
  Integrated Information Technology, *Minor*
  University of South Carolina – Columbia, SC
